

*Today's antisemitism  
in Europe is no longer because  
of Catholic obedience,  
or of a racist nature,  
or rooted in anti-capitalism,  
but of a new nature:  
anti-Zionist.*

*Were antisemitism to  
re-emerge tomorrow, in Europe  
or in the U.S., it would center  
on the reprobation of Israel.*
